EYFS learning for school closure

Yesterday we learned the sound s.

- Watch Alphablocks programme for letter s.
- Find things around the house that start with the s sound.
- Watch 'Squiglet' letter s on YouTube.
- Practise writing the s sound (with chalk outside, in flour or shaving foam or on paper).
- Remember the letter formation patter; down the snake from the head to the tail.

Parents there is a free parent tab on the Little Wandle website if you want to take a look.

In maths this week the children are looking at matching and grouping according to things that are similar.

- You could do a matching puzzle.
- Play a matching and sorting game on YouTube (for EYFS children).
- Sort your toys or snacks into groups; for example: toys with wheels, green snacks.

This afternoon we were planning to do a music lesson.

If you have any instruments at home, can you play a tune; quiet and loud, slow and fast, keep a steady beat. If you don't have any instruments, can you use your body parts to do the same.

Finally, share a story with someone at home.

Can you find any words beginning with the s sound?

In our class text we started looking at things that we are scared of or things that happen or appear at night. Have you got a book at home about the nighttime or fears.

Feel free to share any learning completed on Tapestry.
